

6270 siamet SCM LS

Longer lasting, faster finishing

6270 siamet SCM LS

Longer lasting, faster finishing

The new 6270 SCM range with high-performance blue fired aluminium oxide grain and improved low stretch scrim helps deliver longer lifetime and faster working in both discs and belts.

- Excellent and consistent finish over a long period of time
- Suitable for general use in dry and wet sanding applications
- Low-stretch belt
- More durable so more resistant on edges
- Considerably more resistant to smearing than existing products, especially at the edge of the disc when working at tight angles

Product profile

E R D

Grit type:
Backing:
Coating:
Bonding:

Use

Aluminium oxide / blue-fired Nonwoven Mechanical Resin over resin

Applications

- Deburring
- Removal of rust and paint
- Removal of discolouration
- Surface treatment
- Finishing to prepare for coating and electroplating

Materials

Unalloyed / low-alloy steel; High-alloy steels; Non-ferrous metal; Aluminium

Technology SCM belts
